Ugh... I can't

I entered the jar...

What happened?

Kukukuu...

You rampaged just

...

?!

Looking at
you now...

Your Ki Core is full of Sagi.

It used to be a balance of both Yin and
Yang Ki, but that bastard Su-hyun only took
the Yang Ki, leaving the Yin Ki behind.

swloop

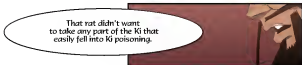

!!?

Sis. Dong dong dong

When did
this happen...?

That rat didn't want
to take any part of the Ki that
easily fell into Ki poisoning.

So that bastard, Su-hyun,
took all of the Yin Ki and left you
with nothing but Yang Ki.

But this is
your chance.

Arani Become the leading general for the Branch Clan!

Leading general...

For the Branch...?

Of the 500 year-old Ki, there seems to be about 200 years worth left in your body.

But Su-hyun is nothing but a halfling at this point.

If that bastard leads the armies of the Main Family, you will become the leader of the Branch Family and lead us to victory!

Sang-gum, Ha-gum, Won-wu, and Ah-neum will continue to support you here on out!

*Not everyone from the proud
Branch Clan will follow you at first, so do
whatever you must to make them heed to
your will: destroy them or kill them;
show them your strength!*

I'm sorry, Won-wu.

Because I lost consciousness...

Elder...

And you...

Before you apologize, we need to address something else.

While you were rampaging, you destroyed the streets and threw cars around as if they were toys. We were almost exposed. Thankfully, we managed to take care of the situation before things got out of hand.

And also...

After Su-hyun took the KI from you, he was hailed as the Hero of the Main Family.

They say he will lead their armies and attack us with all their strength.

At this point, with our Elder so ill, we can only wait...

But...

The Sagi that turned you into Majin this time...

Why does it feel so much more evil and dark? Is it really the KI Grand Master had?

I felt it while I was unconscious, but when the Grand Master transferred all his Ki to me, he gave me equal amounts of both natures of Ki.

And now, within me, there's nothing but the Sagi that the Grand Master tried to suppress.

I feel almost as if I've been released from the chains that've been dragging me down for so long.

I can feel the Sagi rampaging within me.

Chains: huh...

So the arts the Grand Master
had left behind was acting as a restraint?
I guess your personality was being
suppressed as well.

I don't care! The only thing I
want to do now is to use this
power as much as I want!

Why did you lie,
Elder Brother?

Sorry Su-jung, but this
is for future of Murim.

If I don't join this side and
act as a hero for them, there will be
great losses in the Main Family.

I will risk my life
for the Main Family.

However...

I know you're glad
that I have the Ki instead
of that Aran kid.

It's much better for the Ki
to be inside someone who was
his student, right?

I thought I
knew Aran well.

I thought he was kind to the
core; that my grandfather sacrificed
his life for the greater good...
